3. That the following amounts be calculated for the year 2021/22 in accordance with Sections 31 and 34 to 36 of the Act:

 - (c) £10,929,248 being the amount by which the aggregate at 3(a) above exceeds the aggregate at 3(b) above, calculated by the Council in accordance with Section 31A(4) of the Act as its Council Tax requirement for the year. (Item R in the formula in Section 31B(1) of the Act).
 - (d) £266.21 being the amount at 3(c) above (Item R), all divided by Item T (1(a) above), calculated by the Council, in accordance

with Section 31B of the Act, as the basic amount of its Council Tax for the year (including Parish precepts).

 - (h) The amounts set out in columns 1 to 9 of Appendix 1B for each part of the Council's area being the amounts given by multiplying the amounts at 3(g) above by the number which, in the proportion set out in Section 5(1) of the Act, is applicable to dwellings listed in a particular valuation band divided by the number which in that proportion is applicable to dwellings listed in valuation band D, calculated by the Council, in accordance with Section 36(1) of the Act, as the amounts to be taken into account for the year in respect of categories of dwellings listed in different valuation bands.
- 2.2 That it be noted that for the year 2021/22 Hampshire Country Council's precept figures are subject to approval on the 25th February and are listed below. If any changes are required as a result of Hampshire County Council approval provision for delegation to change is provided in 2.6 of this report. The Police & Crime Commissioner for Hampshire and the Hampshire Fire and Rescue Authority have stated the following amounts in precepts issued to the Council, in accordance with Section 40 of the Local Government Finance Act 1992, for each of the categories of dwellings below:

3 BACKGROUND INFORMATION

- 3.1 The Government's multi-year Spending Review, due in 2019 was further delayed in 2020 and once again replaced by a short-term (one-year) Spending Round. What this means is that, in substance, any budget proposed will be for one year only.

Summary of the Government's Final Financial Settlement: 2021/22:

- a uniform percentage increase in 2020/21 Revenue Support Grant (RSG) allocations, based on the change in the Consumer Price Index (CPI)
- a freeze in Baseline Funding Levels (BFLs) at 2020/21 levels, to match the freeze in the business rates multiplier
- an increase in section 31 grant for the under-indexation of the multiplier, to compensate for the freeze in the business rates multiplier
- eliminating so-called 'negative RSG', through the use of forgone business rates receipts.
- a bespoke council tax referendum is required if applying an increase of greater than 2% or £5, whichever is higher, for shire district councils
- a new round of NHB payments in 2021-22, which will not attract new legacy payments
- allocation of a new Lower Tier Services Grant

3.2 The Government has promised once the pandemic is over to revisit the priorities for reform of the local government finance system.

3.3 No figures have been made available for local government funding beyond 2021/22, either nationally or locally. This report therefore cannot give any realistic projection for 2022/23, however indicative budget requirements have been entered. What is now clear is that there will be no further NHB in future years, but the Government has recently started consultation on an alternative ways of encouraging Council's to be rewarded for delivering more homes.

3.4 The broad principles affecting the budget position were reported to Cabinet on 3 December 2020 and 4 February 2021 and these remain the most up to date information except for the data contained in the settlement identified in paragraph 4. Accordingly, no updated Medium-Term Financial Strategy (MTFS) is included in this report.

4 FINAL 2021/22 GOVERNMENT SETTLEMENT FOR HART

4.1 The final finance settlement for 2020/21 was published on 4 February 2021 which is considerably later than previous years. The budget, however, has been based on this settlement as there are no changes to the provisional 2021/22 local government finance settlement that was published on 17 December 2020.

5 COUNCIL TAX

5.1 The Government anticipates, as in previous years, that local authorities such as Hart will increase council tax in 2021/22 by a core principle of up to 2% or £5 on a Band D property. Any higher rise will require holding a local referendum. Consequently, the budget proposals included in this report assume a £5 increase in 2021/22. The financial effect of this increase is to add approximately £205k annually to income. The Government has incorporated the full increase as an assumption in Local Authorities' increase in spending power.

6 NEW HOMES BONUS (NHB)

- 6.1 NHB is a grant paid by central government to local councils to reflect and incentivise housing growth in their areas. It is based on the amount of extra Council Tax revenue raised for new-build homes, conversions and long-term empty homes brought back into use. There is also an extra payment for providing affordable homes. The Council relies heavily on funding from NHB with approximately 25% of the net revenue budget being funded by NHB in 2020/21.
- 6.2 In 2019, the Government said that in 2020 it would consult on an alternative to the NHB. The intention is to move to a new, more targeted approach that rewards local authorities where they are ambitious in delivering needed homes. The Government is clearly has not had an opportunity to move that initiative forward. At the beginning of February however, it has started a high level consultation on how in future it should reward council's for delivering higher levels of new homes. In the meantime, the Government has taken an interim decision to extend NHB for one more year but with no legacy payments. The loss of the legacy payments has had a significant effect on the amount of grant the Council will now receive in 2021/22 from NHB.
- 6.3 The Financial Settlement proposes that Hart will receive £1.847 million in NHB in 2021/22, a reduction of £0.503 million. There will be no further NHB thereafter. It also cannot be assumed that any alternative to NHB will be of an equivalent value to the original NHB Scheme. Therefore, no projection for NHB or its replacement is projected in future years.

7 LOWER TIER SETTLEMENT GRANT

- 7.1 The 2020/21 Finance Settlement introduced an un-ringfenced lower tier services grant, which is to be used specifically to ensure that no council sees a reduction in core spending power because of the NHB changes. This funding is in response to "the current exceptional circumstances and is a one-off". The increase in spending power relies on Local Government increasing Council Tax by the core principle of up to 2% or £5 on a Band D property.
- 7.2 The Financial Settlement proposes that Hart will receive £0.1839 million in Lower Tier Settlement Grant in 2021/22. This will reduce the impact in the reduction in NHB from £0.503 million to £0.319 million.

8 COUNCIL TAX SUPPORT SCHEME

- 8.1 Since 2013, local authorities in England have been responsible for running their own local schemes for help with council tax - Council Tax Support. Councils can choose to either reduce the discount paid to working age claimants or find income to make up the reduction. The Council has always agreed not to reduce the discount (benefits) paid to such claimants but to fund the cost from the revenue account. There are no proposals to change the arrangement for 2021/22, however a detailed review of this scheme must be commissioned to take place in early 2021/22 to inform future years.

9 FEES AND CHARGES

9.1 The Budget has been prepared taking account of the following changes to charges in the main service areas: -

Car Parking - charges have remained the same in the majority of cases with the following summary exceptions. Full details can be found in Appendix 2

- Long term parking – 10 hours plus – increase of £1
- Quarterly parking permits increased with compensatory decrease in Annual parking permits
- hour parking in Birchayes reduced from £2 to £1
- Short time parking in Hook – charge removed.
- Residents Parking Permits – increased by £15 p.a.
- 2nd Household Parking Permit – increase = £40
- 2 weeks Fleet & Hartley Wintney – increase - £6
- 1 day scratch card – increase - £0.50

Council Accommodation - the hiring of Council Rooms has been increased.

- For example, the daytime hiring of the Council Chamber has increased from £44.50 per hour to £50 per hour.

Democratic Services

- Charges for agendas, minutes etc for council meetings have been removed as they are free to download from the Council website.

Waste Collection

- Annual Green waste collection charges have increased as follows:
- 140 litre Wheeled Bin Green Waste Collection – increase - £3
- 140 litre Wheeled Bin Green Waste Collection concessions – increase - £3
- 240 litre Wheeled Bin Green Waste Collection – increase - £4
- 240 litre Wheeled Bin Green Waste Collection concessions – increase - £3

In all other cases, where the Council has flexibility in setting fees and charges, the general intention is to increase them by inflation (0.5%), or the nearest £, unless any individual scheme of delegation allows flexibility to set specific fees and charges.

10 GROWTH AND SAVINGS INCLUDED IN BUDGET

10.1 An incremental approach to the budget is being followed in building this budget. It includes identifying areas for further savings, as well as any opportunities to secure new sources of income.

10.2 Section 13.1 below shows the current pressure for movement of budgets between 2020/21 and 2021/22.

10.3 However, the following areas represent some of the more significant and ongoing cost pressures:

- Contract changes; insourcing services can bring initial increased costs in earlier years. £140K

- Recycling income reduction from Hampshire County Council £250K
- Risks in decreased income caused by the Pandemic due to likelihood in full income recovery during early months of 2021-22 - £220K.

10.4 A combination of reduced income and increased cost pressures have left the Council with an anticipated budget deficit for 2021/22 of £381K and, in 2022/23 a further deficit of £1,018K. The 2022/23 deficit is both structural and significant and the current lack of commercial opportunities coming forward requires the Council carries out a root and branch review of income and expenditure which will require Members to take difficult decisions to prioritise available budget in future years. It is essential that expenditure decisions for future years are made by Period 5 of 2021/22 to allow plans to be implemented to deliver savings in 2022/23.

11 OUTTURN FOR 2020/21

11.1 The outturn budget is expected to be in deficit in 2020/21. This is due to the loss in income plus an increase in expenditure in response to the COVID-19 pandemic.

11.2 Significant income will be lost in 2020/21 primarily in Parking and Leisure. The Government partly compensates for this loss. The loss is estimated to be £2.2M, before Government compensation is applied. The unconfirmed compensation against this loss is expected to be in the region of £1.1m.

11.3 Additional spending has also been necessary to support the community, employees, and the workplace during the pandemic. The additional expenditure is likely to be c.£500K.

11.4 These pressures are tempered by savings in staff vacancies, travel and expenses plus Government support grants – c. £500K.

11.5 Some of the above losses are expected to be mitigated by both use of reserves and Central Government subsidies to counteract the direct effects of COVID-19 on Council income and expenditure. The Council has also scaled back expenditure where possible. Officers currently estimate a deficit on outturn of between £500K and £600K and a verbal update will be provided at the meeting.

12 CAPITAL PROGRAMME

12.1 The proposed 2021/22 Capital Programme is attached as Appendix 4.

13 BUDGET 2021/22

13.1 The table below summarises the budget for 2021/22 compared to the approved 2020/21 original budget. The 2020/21 budget is what was set in February 2020 and does not take into account post-COVID-19 reallocations and adjustments made to the operational budget in Quarter 3 2020/21.

- 13.2 The major revenue funding risks and decisions looking beyond 2021/22 to be considered to ensure financial sustainability:

Funding Risks

- Spending Review 2021 – may reduce the totality of local government funding
- Fair Funding Review – risk of losing further central government funding as it is distributed elsewhere
- Changes to New Homes Bonus
- Changes to 75% business rates retention from 2022/23
- General delays and uncertainty on future funding caused by COVID-19
- Uncertainty over future Planning Fee income (this will inevitably fluctuate)
- Concerns in delivering previously estimated levels of Commercial Income.

- 13.3 Major changes in spending in service areas have been provided at Appendix 3

- 13.4 The contingency sum of £610k shown in the budget for pressures has been assigned as follows:

Activity	£ 000
COVID-19 loss of income	220
Recycling credits no longer reimbursed	250
Finance function insourced from Capita	140
Assigned contingency – Specific activity	£ 610K

Total Pressures

£610K

- 13.5 Assigned contingency is based on a current management assessment of specific activity which may change in line with future circumstances. Risks being examined have estimated costs for budget purposes only and will change as further information becomes available.
- 13.6 Technical examination of Accounting Treatment budgets and other service costs are in progress which may add to the contingency budget for pressures when existing budgets are finalised.

14 ROBUSTNESS OF ESTIMATES AND ADEQUACY OF RESERVES

- 14.1 Section 25 of the Local Government Act 2003 requires the Chief Financial Officer to report on the robustness of the estimates and the adequacy of proposed financial reserves.
- 14.2 The budget has been constructed following a detailed and robust process involving budget holders, finance staff, the leadership team and Members. Account has been taken of identified financial issues and pressures and realistic budget assumptions have been made and key risks identified. Service changes and savings options have been considered by Heads of Service and Members through the service review process.

- 14.3 Budget risks are managed throughout the year by a comprehensive budget monitoring process, which acts as an early warning of budget issues allowing corrective action to be taken, and via the general fund reserve.
- 14.4 The Council has limited reserves available to it. The General Fund balance stood at £6.8m at 31st March 2020. The current year outturn projections and proposed budget for 2021/22 may decrease this by up to £800K.
- 14.5 The S151 Officer considers that the projected General Fund balance is adequate to help manage the 2021/22 budget risks. While the use of the General Fund balance is for financing unplanned one-off costs and does not underwrite on-going expenditure, the level of the General Fund balance does provide a buffer against the uncertainty of future central government funding.

15 COMMENTS OF THE MONITORING OFFICER

- 15.1 This report recommends the adoption of a lawful budget and the level of Council Tax for 2021/22. It also outlines the Council's current and anticipated financial circumstances, including matters relating to capital expenditure and resources.
- 15.2 The setting of the Budget and Council Tax by Members involves their consideration of choices. No genuine or reasonable options should be dismissed out-of-hand and Members must bear in mind their fiduciary duty to the council taxpayers of Hart.
- 15.3 Members must have adequate evidence on which to base their decisions on the level and quality at which services should be provided. Where a service is provided pursuant to a statutory duty, it would not be lawful to fail to discharge it properly or abandon it, and where there is discretion as to how it is to be discharged, that discretion should be exercised reasonably. Where a service is derived from a statutory power and is discretionary that discretion should be exercised reasonably.
- 15.4 Should Members wish to make additions or reductions to the budget, on which no information is given in the report before Members, they should present sufficient information on the justification for and consequences of their proposals to enable the Council to arrive at a reasonable decision on them.
- 15.5 The report sets out the relevant considerations for Members to consider during their deliberations and members are reminded of the need to ignore irrelevant considerations. Members have a duty to seek to ensure that the Council acts lawfully. They are under an obligation to produce a balanced budget and must not knowingly budget for a deficit. Members must not come to a decision which no reasonable authority could come to; balancing the nature, quality and level of services which they consider should be provided, against the costs of providing such services.
- 15.6 **Members are also reminded of Section 106 of the Local Government and Finance Act 1992 which prohibits any Member, who has not paid for at least two months his/her Council Tax when it became due, from voting on setting the Budget and Council Tax.**

16. Supplementary notes on Appendices and Net Cost of Services Reconciliation.

16.1 Appendix 5 contains the Draft Budget Book. The draft budget book is divided into a number of key sections:

- Service Summary
- List of Budget Holders and Cost Centres
- Detailed Service Summary
- Budget by Subjective coding. i.e. Employees, Premises, Transport and Supplies and Services
- Budget by Cost Centre

16.2 The reconciliation between paragraph 13.1 for 2021-22 is shown below:

2021/22	£'000
Cost of services 13.1	10,794
Add Pressures	610
Total per Budget Book Service Summary	11,404

16.3 The Budget Book contains the revised reallocated budget for 2020/21 that went to Cabinet in Quarter 3 2020/21. This is the budget which is loaded into the Financial System for 2020/21 and the budget we are reporting against as part of our quarterly budget monitoring process. **The cost of services has been adjusted from the original approved to take account of material changes in income and expenditure due to COVID-19.**

16.4 **Please note there are no recharges shown for 2020/21 within the budget book as we are in the process of calculating and running actuals based on a COVID-19 operating environment. Recharges do not affect the controllable budget. Members should focus on the pre-recharge costs as this reflects the controllable budget for each service area.**

Budget Book 2021_22

DRAFT

Draft Budget Book 2021-22

This draft budget book has been produced in advance of the budget meeting on the 25th February 2021. A final version will be produced and put on line after the budget has been approved at the meeting.

The Budget book has been prepared including accounting adjustments and recharges. This is necessary to get the full book to fully balance ready for input into Integra our Financial System. Each service summary includes both recharges and accounting adjustments (accounting treatment).

The 2020/21 Budget provided in the budget book is the post-revised allocation of budget and includes adjustments for the large amount of funds received for business rates grants. Therefore, Members when comparing budgets between years may wish to review 2021-22 budget against 2019-20 actuals which have been provided in the budget book.

The budget book is structured as follows:

- Service Summary
- List of Budget Holders and Cost Centre
- Service Summary
- Budget by Subjective coding. i.e. Employees, Premises, Transport and Supplies and Services
- Budget by Cost Centre

N.B. Recharges in the 2021_22 budget have been allocated by the number of FTEs allocated to that particular cost centre. This is different to the historic recharge allocation.
