

Hartland Village

Second Stage Public Consultation

Earlier this year, St Edward Homes acquired the former Pyestock / Hartland Park site and is proposing to redevelop it into a sustainable new community. The regenerated site will help to serve the needs of the area, delivering much needed new homes and infrastructure to serve existing and future residents. In July 2016 we held our first public consultation events and will be holding our second exhibitions in November 2016.

At St Edward, we are committed to engaging with the existing communities in which our development sites are located.

This takes place from an early stage and throughout the planning process. We now want to invite you to get involved in the second round of public consultation.

The project team will shortly be holding public events in both Fleet and Farnborough, where we want you to see our progress and hear your

thoughts on our initial proposals, and how the redevelopment of the site can make a positive contribution to the local area.

Details of these events and our contact details can be found over the page.

We look forward to meeting you soon.
