Council Tax dementia discount

If someone in your family suffers from a severe mental impairment such as dementia you may be entitled to a 25% discount on your council tax bill.

Hart Council can advise on whether this applies in your case. Full details and an application form can be found on their website.

Report those potholes!

Hampshire Highways don't check our roads on a regular basis, so it's important that you report any potholes you spot, to get them repaired.

You can do this online at www.hants.gov.uk then click on "transport and roads", or you can phone 0300 555 1388. Whatever you do, make sure you report it!

Common Land under threat

The owners of Blackbushe have applied to have the airport deregistered as common land. This may sound logical, as access is restricted at present, but if they succeed then all common land will be under threat.

National Importance

A major inquiry will start on April 2nd and may determine the future of common land all over the country.

The owners argue that the airfield is in the curtilage of the control tower and should no longer be common land. If they win there would be little to stop the whole airport closing and becoming a major industrial estate. The airport is losing money whilst an industrial development would be very valuable.

Most people know the airport has technically been unlawful since WW2 ended, when it was supposed to be returned to common land, but the vital thing is it should return to common if the airport ever closes.

The nonsense curtilage argument could be used to suggest that Yateley Green is in the curtilage of the Town Council and should be deregistered for housing!

Both local Lib Dem County Councillors David Simpson and Adrian Collett will be giving evidence at the inquiry against deregistration.
